

CONTENTS

<i>Doudkin M.V., Apshikur B., Kim A.I., Ipalakov T.T., Asangaliyev E.A., Mlynczak M., Tungushbayeva Z.K.</i> Development of mathematical models describing the processes occurring in the railway track construction as a whole, or in the work of its individual elements.....	6
<i>Adilbektegi G.A., Mustafayev J.S., Uvatayeva T.K., Dulatbekova Z.N., Mosiej Jozef.</i> A new approach to the evaluation of bioclimatic potential of landscapes on the example of Northern Kazakhstan.....	16
<i>Volgina E., Novozhilov A., Kolesnikov E., Rahimberdinova D., Novozhilov T., Andreeva O.</i> Simulation of three-phase transformer operational conditions.....	26
<i>Povetkin V.V., Bagitova S.Zh., Kerimzhanova M.F., Orlova Ye.P., Isametova M.Ye., Tatybayev M.K., Bukayeva A.Z.</i> The comparative analysis of computer model operation of tooth gearing with evolvent gearing and Novikov's gearing.....	34
<i>Kobelev K.B., Danilyan A.V., Barykin A.N., Selina I.V., Sozinova M.S., Nurmukhanbetova D.E., Seidakhmetova Z.Zh.</i> Prospects of grape marc application in brewing.....	46
<i>Novikova G.V., Zhdankin G.V., Belova M.V., Orlova O.I., Semenov V.G., Baimukanov D.A., Iskhan K.Zh., Aubakirov Kh.A.</i> Validation of microwave installation parameters with mobile resonators for heat treatment of nonedible eggs.....	53
<i>Nurimbetov A.U., Orynbayev S.A., Junisbekov M.Sh., Omarov Zh.T.</i> Numerical solution stressed defressed condition of multilayer composition blades in the field of centrifugal forces.....	60
<i>Rau A.G., Bakirova A.Sh., Anuarbekov K.K., Kadasheva Zh., Jurik L.</i> Water geochemistry on Akdala rice irrigation systems.....	74
<i>Karipzhanova A.Zh., Sagindykov K.M., Gudov A.M., Dimitrov Kalin.</i> Parameters of the distributed databases of information systems when splitting data with application of algorithms of multidimensional parity.....	82
<i>Baimukhmetov A.A., Koksalov K.K., Veksler Ju.A.</i> The problems of lithospheric geodynamics.....	91
<i>Rakhimzhanova L.Sh., Zhanbyrshy A.M., Bairov K.B., Vaidya S.</i> Architectural technique for smog elimination in Almaty.....	99
<i>Suleyev D.K., [Uteпов E.B.], Zhumadilova Zh.O., Ten E.B.</i> Creation of damping alloys with optimum physical-mechanical properties for geological exploration equipment parts.....	106
<i>Tuleshov A.K., Jomartov A.A., Kuatova M.J., Halicioglu R.</i> Dynamic analyses of a clutch of crank press.....	114
<i>Sainova G.A., Baikhamurova M.O., Akbasova A.D., Yessenbayeva Zh.Zh., Ali Ozler Mehmet.</i> Environmental analytical characteristics of gas emissions from the solid domestic waste landfills of Turkistan oblast.....	124
<i>Bosak Pavlo, Popovych Vasyl.</i> Radiation-ecological monitoring of coal mines of Novovolinsk mining area.....	132
<i>Moldabayeva G.Zh., Metaxa G.P., Alisheva Zh.N.</i> Theoretical bases for the implementation of the processes to reduce viscosity in the conditions of natural reservation.....	138
<i>Kalimoldayev M., Abdildayeva A., Zhukabayeva T., Turaev S.</i> The investigation of the internet of things (IoT) in electric power systems.....	144
<i>Aslanova M.A., Derevitskaya O.K., Dydykin A.S., Iskakov M.H., Nurmukhanbetova D.E.</i> Development of biologically active complexes taking into account technological requirements.....	151
<i>Ergaliev G.K., Zhemchuzhnikov V.G., Pirogova T.Ye.</i> Cambrian of the North-Western Balkhash area.....	158
<i>Togizov K.S., Zholtayev G., Isaeva L.D.</i> The role of three-dimensional models of deposit and thermodynamic conditions of its formation at selecting and evaluating resources of perspective sites.....	169
<i>Ermagambet B.T., Kazankapova M.K., Borisenko A.V., Nauryzbaeva A.T., Zhenisova A.K., Abylgazina L.K.</i> Synthesis of carbon nanotubes by the CVD method on the surface of the hydrophobic shale ash.....	177
<i>Kabyzbekov K.A., Abdrakhmanova Kh.K., Dasibekov A.D., Ramazanova S.A., Ualikhanova B.S.</i> Simulation of the solar system.....	189
<i>Kalimoldayev Maksat , Akhmetzhanov Maxat, Mukanova Balgaysha, Azimova Dinara.</i> Implementation of covering algorithm for the robot with parallel structure.....	197
<i>Seitmuratov A., Taimuratova L., Zhussipbek B., Seitkhanova A., Kainbaeva L.</i> Conditions of extreme stress state.....	202
<i>Wojcik Waldemar, Alimzhanova Zh.M., Velyamov T.T., Akhmetova A.M.</i> About one model of pumping oil mixture of different viscosities through a single pipeline in an unsteady thermal field.....	207
<i>Shildebayeva L., Afanaseva N., Seitmuratov A.</i> The establishment of the basic elements of modeling and digitalization in the design of parts of an object.....	215
<i>Zhurinov M.Zh., Teltayev B.B., Kalybai A.A.</i> Characteristics of road bitumen modified with carbon nanopowder.....	223
<i>Zhurinov M.Zh., Teltayev B.B., Kalybai A.A.</i> Characteristics and properties of physical and quantum fields of nanocarbon and their applications.....	229
<i>Omarbayeva A., Zhapparova B., Bekbossynova S., Abileva G., Zhamangara A., Szoszkiewicz K.</i> Analysis of ecological condition of the Nura river according to the basic biogenic elements.....	237
<i>Yermagambet B.T., Remnev G.E., Martemyanov S.M., Bukharkin A.A., Kassenova Zh.M., Nurgaliyev N.U.</i> Partial discharges and electric breakdown in coals of Maikuben, Ekibastuz and Korzhunkol basins.....	244
