

CONTENTS

<i>Sartabanov Zh.A., Omarova B.Zh., Kerimbekov A.</i> Research of multiperiodic solutions of perturbed linear autonomous systems with differentiation operator on the vector field.....	5
<i>Abaturova V.S., Smirnov E.I., Yunusova A.A., Zhokhov A.L., Yunusov A.A., Zhumadullayev D.K.</i> The technological constructs of mathematical training founding in higher education	14
<i>Sartabanov Zh.A., Aitenova G.M.</i> Multiperiodic solutions of linear systems integro-differential equations with d_c - operator and ε - period of hereditary	23
<i>Imanbaev N. S.</i> On basis property of systems root vectors of a loaded multiple differentiation operator.....	32
<i>Kainbaeva L., Smakhanova A., Kanibaikyzy K., Dilmakhanova M., Taimuratova L.U., Seitmuratov A.</i> Analytical solution of partial tasks of shear wave in a cylindrical layer (in the case of the constant values $\gamma - \alpha + 2$ and $\alpha = \beta$)	38
<i>Makyshov S.</i> M-function numbers: cycles and other explorations. Part 1.....	46
<i>Malkov E.A., Bekov A.A., Momynov S.B., Beckmuhamedov I.B., Kurmangaliyev D.M., Mukametzhan A.M., Orynqul I.S.</i> Investigation of two fixed centers problem and Henon-Heiles potential based on the Poincare section.....	55
<i>Alexeyeva L.A., Kurmanov E.B.</i> Green tensor of motion equations of two components BIOT'S medium by stationary vibrations.....	62
