
CONTENTS

<i>Alibekov R.S., Dabade D.S., Urazbayeva K.A., Orymbetova G.E., Alibekova Z.I.</i> Food safety and HACCP system in the <i>Physalis</i> confiture production.....	6
<i>Valishevskiy K.A., Itkulova S.S., Boleubaev Y.A.</i> Water-gas shift reaction over the polymetallic Fe-containing supported catalysts.....	12
<i>Ismailkhodjaev B.Sh., Khalmurzayeva B.A., Satayev M.I., Alibekov R.S.</i> Study of vitamins content of microalgae.....	19
<i>Nurkenov O. A., Ibraev M.K., Seilkhanov T.M., Shulgau Z.T., Fazylov S.D., Takibayeva A.T.</i> Synthesis, structure and anti-radical activity of 6-methyl-4-oxo-4H-chromen-3-acylhydrazones.....	25
<i>Bukanova A.S., Kairlieva F.B., Sakipova L.B., Karabasova N.A., Bukanova C.K. Nasirov R.N.</i> Establishment of oil dispersed systems by the paramagnetic probe and free radicals	32
<i>Valishevsky K.A., Itkulova S.S., Boleubayev E.A.</i> Modeling process of synthetic liquid hydrocarbons fuel production by combined steam-dry reforming of methane over Co-containing multicomponent catalyst.....	36
<i>Kassymova M.K., Nauryzbayev M.K., Mamyrbekova A.K., Mamitova A.D., Mamyrbekova A.K., Chechina O.N.</i> Synthesis and microbiological evaluation of acetylenic amino ALCOHOLS N-phenyl carbamate derivatives.....	43
<i>Kulbalina I.E., Kuspanova B.K., Kopasheva A.A., Madieva L.K., Nasirov R.N.</i> Features of distribution of the paramagnetic centers on the area of the Emba region oil deposits.....	49
<i>Aubakirova R.A., Shomanova Zh.K., Safarov R.Z., Atasoy E.</i> Atomic emission method with inductively coupled plasma for determining of noble metals (Au, Ag) in samples of industrial blister copper.....	53
<i>Aubakirova R.A., Shomanova Zh.K., Safarov R.Z., Atasoy E.</i> Analysis of copper-containing products for the content of noble metals.....	60
<i>Massenova A.T., Sass A.S., Frolova O.A., Kalykberdiyev M.K., Kenzin N.R., Baiken A.</i> Hydrogenation of palm oil on pt-containing catalysts.....	66
<i>Massenova A.T., Kalykberdiyev M.K., Sass A.S., Kenzin N.R., Abilmagzhanov A.Z., Baiken A.</i> Catalytic technology for reducing the content of aromatic hydrocarbons in motor fuels.....	74
