

CONTENTS

Obtaining nanomaterials in the fields of natural sciences, medicine and agriculture

<i>Ubaskin A. V., Tarasovskaya N. E., Akhmetov K. I., Lunkov A. I.</i> On the problem of using natural biologically active substances to activate artemia eggs.....	5
<i>Tolokonnikov E. G., Adekenova A. S., Maslova O. V.</i> Pharmacoeconomical analysis of anti-periodontosis drugs.....	13
<i>Yermagambet B.T., Kazankapova M.K., Kassenova Zh.M., Nauryzbayeva A.T.</i> Synthesis of nanocomposite fibers based on rock pitch and nanoiron by electrospinning.....	19

Biotechnology in agriculture, crop production and zootechnics

<i>Oleichenko S.N., Yegizbayeva T.K., Apushev A.K., Nusipzhanov N.S.</i> Assessment of promising local walnut forms for the south and south-east of Kazakhstan.....	27
<i>Zhumanov K.Zh., Karymsakov T.N., Kineev M.A., Baimukanov A.D.</i> Estimated breeding values of servicing bulls of the holstein black-and-white breed by quality of offspring using the BLUP method.....	35
<i>Uteulin K.R., Zambakin K.Zh.</i> On the need to develop technologies for producing bioplastics in Kazakhstan.....	42
<i>Mustafayev Zh.S., Ryskulbekova L.N.</i> Fundamentals of water use in the catchment areas of the Ili river basin.....	49
<i>Volkov D., Argynbayeva A., Daurov D., Zhapar K., Abai Zh., Zhambakin K., Shamekova M.</i> Accelerated production of virus-free potato planting material using a bioreactor.....	56
<i>Ivanov N.P., Egorova N.N., Sarimbekova S.N., Sushu V.Yu., Ilimbayeva A.K.</i> Biological properties of <i>Fusobacterium Necrophorum</i> isolated from infected cattle tissues in Almaty region.....	63
<i>Chomanov U., Tultabayeva T., Shoman A.Y., Shoman, A.K., Tultabayev B.</i> Research of biotechnological processes in the production of yogurt based on mare's milk.....	73
<i>Ilgekbaeva G.D., Makhshov E.Sh., Tulepova G., Yessimkhanqyzy D., Sadiev S.T.</i> Expression of the surface antigen <i>Brucella abortus</i> OMR16 in <i>Nicotiana benthamiana</i> plant.....	81

General biology and biotechnology in medicine

<i>Benberin V.V., Voshchenkova T.A., Nagymtayeva A.A., Sibagatova A.S., Akhmetova K.M., Makhmutova A.N.</i> Influence on homeostasis as the criterion for selecting single nucleotide polymorphisms for the study of metabolic syndrom in the kazakh population.....	86
<i>Rakhimzhanova R.I., Pavalkis D., Benberin V.V., Dautov T.B., Abdrakhmanova Zh.S., Yelshibayeva E.S.</i> Complex assessment of computed tomography of the lungs and clinical data in COVID-19 patients, hospitalized in the clinic in Nur-Sultan.....	94
<i>Amantay A.A., Duisebekova K.S.</i> Application of medical information systems in education and research in medicine.....	103
<i>Alibayeva K. O., Baiserkin B. S., Saparbekov M. K.</i> Scientific justification for the implementation of the integrated model of rapid testing for HIV-infection among key populations of Kazakhstan.....	109

Ecology

<i>Kapysheva U.N., Bakhtiyarova Sh.K., Baimbetova A.K.</i> Remote consequences of pesticide pollution on the level of development of cognitive functions.....	118
<i>Akbasova A.D., Aubakirov N.P., Anarbekova G.D., Sainova G.A.</i> The role of the well waters of the mausoleum of Khoja Ahmed Yasavi in the formation of salts.....	125

Achievements of Kazakhstani scientists

Secret of success.....	133
